Last Updated Sunday, 13 August 2006

A page of general information for site users will be developed and added here. It will contain material on how members of CHIRAD, IMIA OSWG, IMIA-NI OSNI, and other groups can access the site. It will also contain general information for those simply browsing the site about the purpose, structure, ect. of the site.

Anyone can browse the materials on this site. We may develop areas for regsitered users only in due course.

If you wish to register as a user of this site , ie to be able to add your own news items,etc. then you will need to email Peter Murray on drpeter.murray[at]gmail.com to get a username. Sorry to lock things downlike this on an open source site - but we have had too much previous trouble from hackers, spammers, etc.
